

MÁTÉ LEVENTE KOPCSÓ

SOFTWARE DEVELOPER

kopcsomate.vercel.app

Budapest, Hungary | +36 70 312 3159 | kopcsomate@gmail.com

Software developer with a strong business background, combining analytical thinking with hands-on technical skills. I enjoy building new systems, automating business processes, and improving existing applications to make them faster, clearer, and more user-friendly. Flexible across technologies, quick to learn, and motivated by creating practical software solutions that deliver real business value.
